The NSF CAREER program supports junior faculty who exemplify the role of teacher-scholars through outstanding research, excellent education, and the integration of education and research within the context of the mission of their organizations. NSF encourages submission of CAREER proposals from junior faculty members and especially encourages women, members of underrepresented minority groups, and persons with disabilities to apply.

The CAREER program encourages submission of CAREER proposals from junior faculty members and especially encourages women, members of underrepresented minority groups, and persons with disabilities to apply.
